

ConnectCare3[®]

Employer Provided Healthcare Advocacy and Nurse Navigation

ConnectCare3 is an employer provided benefit that gives covered employees access to healthcare advocacy and nurse navigation services. These services are confidential and available at no charge.

Our caring team will listen to your concern and provide you with high quality options for care, answer your questions about your diagnosis and possible treatments, and support you as long as you need them.

Common reasons patients call ConnectCare3 include:

- **Orthopedics conditions**
(joint replacements, etc.)
- **Behavioral health concerns**
(anxiety, depression, etc.)
- **Neurological conditions**
(migraines, Alzheimers, Parkinsons, etc.)
- **Cancer diagnosis**
(breast cancer, colon cancer, leukemia, etc.)
- **Gastroenterology issues**
(irritable bowel, Crohn's Disease, etc.)
- **Cardiology issues**
(abnormal heart rhythms, heart failure, etc.)
- **OBGYN concerns**
(infertility, endometriosis, etc.)
- **Endocrinology conditions**
(thyroid imbalances, diabetes, etc.)
