

WHAT YOU SHOULD KNOW ABOUT THE SHINGLES VACCINE

Zostavax (also known as Zoster) is a vaccine available for adults to prevent Shingles.

Blue Cross of Northeastern PA members age 60 or older are eligible for this preventative vaccine at no cost.

Check with your participating physician.

Please note the shingles vaccine is typically not carried in the physician's office as it is temperature controlled and has to be administered within half an hour.

OR

Locate an Express Scripts Pharmacy.

Most members go through their local pharmacy for administration of Zoster. To locate a participating pharmacy near you, go to www.bcnepa.com/Pharmacy.aspx & click on the "Express Scripts Pharmacies" link at the top to search. Express Scripts can also be reached by phone at 877.603.8399
