PUBLIC WORKS

»»» HOW TO BE A GOOD NEIGHBOR IN THE WINTER

Whenever there is a snow storm, the city's main priority is getting snow off the streets! It can be frustrating when a snow plow causes snow to block a driveway. In order to prevent that from happening:

- »»» Clear an area along the shoulder, about 10 ft from the entrance of your driveway
- »»» This allows snow to enter the cleared area, instead of blocking the driveway

DON'T FORGET!

Snow must be cleared from sidewalks within 24 hours of the end of a snow storm!

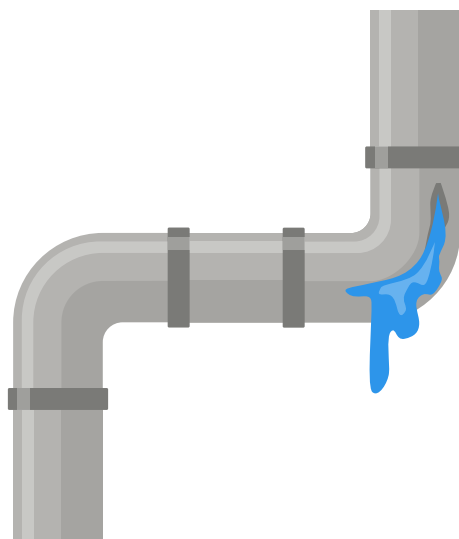

REMINDERS FOR RESIDENTS

BE CAREFUL WITH FROZEN PIPES!

During the coldest months of the year, residents are reminded to be careful with frozen pipes!

- ❄ Residents should never use open flame to thaw frozen pipes.
- ❄ If a small section is frozen, a hair dryer can be used.
- ❄ If a large section is frozen, the entire space should be slowly warmed using space heaters if needed, keeping them 3 feet from any combustibles.

CITY PLANNING

ACTIVE TRANSPORTATION PLAN

The City of Lock Haven was awarded a WalkWorks grant to develop an Active Transportation Plan. This plan will include connections for people walking, biking, using wheelchairs and using transit including a connection to the BEVT through the city. Having a completed plan like this will help prioritize Lock Haven's for future funding for priorities recognized in this plan.

YOUR INPUT!

An online Community Survey has been created to gain input from residents of Lock Haven.
